

My First L^AT_EX Document

Phil

May 31, 2026

This is my first document created offline using L^AT_EX.

1 Introduction

L^AT_EX is used for creating professional reports, assignments, books and research papers

I am learning L^AT_EX offline using TeXstudio and MiKTeX.

2 L^AT_EX Learning

2.1 superscripts

$$2x^3$$

$$2x^{34}$$

$$2x^{3x+4}$$

$$2x^{3x^4+5}$$

2.2 SUBSCRIPTS

$$x_1$$

$$x_{12}$$

$$x_{1_2}$$

$$x_{1_2_3}$$

$$a_0, a_1, a_2, \dots, a_{100}$$

$$\Pi$$

$$\pi$$

$$\alpha$$

$$A = \pi^2$$

2.3 Trig functions

$$y = \sin x(\text{correct})$$

$$y = \cos x$$

$$y = \csc \theta(\text{correct})$$

$$y = \sin^{-1} x$$

$$y = \arcsin x$$

2.4 Logarithmic functions

$$y = \log x$$

(remember to) put the backslash always

$$y = \log_5 x$$

$$y = \ln x$$

$$y = \csc \theta$$

$$y = \log x$$

(-incorrect)

$$y = \log x$$

(-correct)

2.5 Roots

$$\sqrt{2}$$

$$\sqrt[3]{2}$$

$$\sqrt{x^2 + y^2}$$

$$\sqrt{1 + \sqrt{x}}$$

2.6 Fractions

$$\frac{5}{7}$$

About $\frac{2}{3}$ of the glass is full.

About $\frac{2}{3}$ of the glass is full.

About $\frac{2}{3}$ is full.

$$\frac{\sqrt{x+1}}{\sqrt{x+2}}$$

$$\frac{1}{(1+\frac{11}{x})}$$
